

TEAM ASSESSMENT

TEAMS THAT WORK

Teams that work well together foster an environment of clear and honest communication and willing cooperation among all members. True teamwork is the result of real trust, mutual respect, and coordinated collaboration.

Leveraging the unique talents of team members creates excellence in performance and bottom-line results.

Creating breakthroughs in the way people, teams, and organizations perform

DISCOVER HOW TO BOOST YOUR TEAM'S PERFORMANCE

Our Team Assessment and resulting profile measures the essential factors that determine a group's ability to function as an effective team. This 36-question on-line survey assesses the core characteristics of high-performing teams:

- + A high level of trust
- + A high level of respect
- + A shared commitment to a clear and common purpose
- + Willingness and ability to resolve conflicts
- + A focus on measurable results
- + Mutual responsibility and accountability for outcomes

Using this confidential data, we capture your group's unique team dynamics and provide a snapshot of the leadership. The resulting profile pinpoints your team's strengths, weaknesses, opportunities, and challenges.

RESULTS

- + Isolate what needs to be addressed immediately to improve performance
- + Fresh new insights about what's working and what's not
- + See clearly the relationship between behaviors of the team leader and team performance
